

TEMARU

: Beautiful vessel for baby, elderly and people who needs special care.

Do you enjoy your meal time?

Every Meal: breakfast, lunch & dinner are very important for us. Having tasty foods & enjoying conversation during meal with friends and family... They are nutrition for body and also for soul. If we can have meal with our own pace, with favorite dishes, with family, with friends, meal would be more enjoyable.

The dishes specialized for nursing are different from normal dish. It sometimes make user uncomfortable.

But TEMARU is made that meal look beautiful and easy to use. So, it is not only for people who need special care but also others.

TEMARU is all hand-made by professionals.

MAIN PRODUCTS

RICE BOWL, SIDE DISH BOWLS, PLATES

The bowl's edge is folded inside to scoop meal easy by spoon. In addition, a moderate weight is stable on the table.

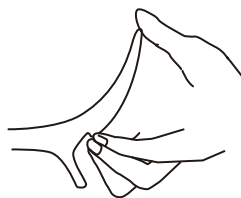

CUP

Slender and inverted trapezoid shape makes it easy to grab and grippy.

SOUP CUP

There is a little dent so that you can grab the cup by one hand. As wooden products have thermal insulation properties, you can hold the even if you put hot soup.

SPOON

Since the spoon is wooden, it is light. The round part is thin so that it gives gentle mouthfeel. Since the handle is thick, it corresponds a variety way of hold
